

Survey of Online Summer Students, 2015

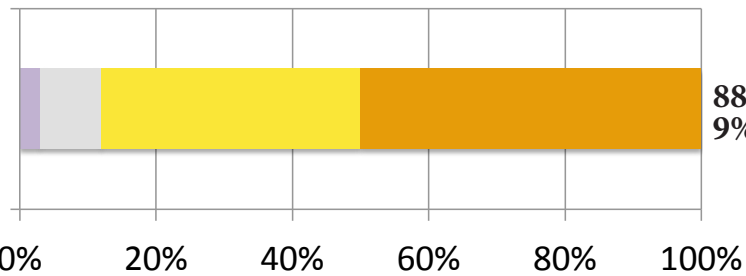

91%

Effectively processed and understood online instructional material

85%

Experienced satisfaction with the online format

The course included sufficient interaction with my instructor and classmates

88% positive
9% undecided

■ Strongly Disagree ■ Disagree ■ Neither ■ Agree ■ Strongly Agree

This online class allowed me to live [out of state] while working full time.

By having the lesson or instruction in a video, I was able to pause, back up, and rewatch over and over again.

I liked how the professor was so organized with the material, and how he was so excited about what he was teaching. I have enjoyed this course more than any other course at PLU.

What Students Liked Best About Online Courses

FLEXIBILITY

- time
- place
- study schedule
- work hours

ORGANIZATION

- clear expectations
- to-do lists
- self pacing
- easy navigation

VIDEO LEARNING

- convenience
- clarity
- easy to review
- repetition
